TRENDS AND REVERSALS

For week of

2022-07-04

I developed Trends and Reversals over a forty-year period. The purpose is to identify the long-term trends, projecting the strength of those trends and ascertaining the weekly closing price needed to reverse those trends. Like all models, Trends and Reversals at times can get caught in the switches but I am confident enough in this Model to attach my name.

WORD TO THE WISE

Past performance is not indicative of future results. The information contained in this report is intended for informational purposes only and is the opinion of the writer and may change at any time. This information was compiled from sources believed to be reliable, but accuracy cannot be and is not guaranteed. There is no warranty, expressed or implied, regarding this information for any particular purpose. There is **SIGNIFICANT RISK** involved in trading futures and or options on futures and may not be suitable for all investors. Investors should consider these **RISKS** and evaluate their suitability based on their financial conditions. No one should ever consider trading futures or options on futures with anything other than **RISK CAPITAL**.
